- Pre-dyno Test Dampers? (Extra charges will apply)
- Provide Estimate before Proceeding (Will Increase turn around time)
- Approve Rebuild cost to value of \$_____ (Will Reduce turn around time)

Work to be performed/Notes: _____

Extremely dirty shocks in need of pre-cleaning before disassembly will be charged a \$15 per damper surcharge. Remove all springs (unless you want them tested) and mounting hardware before shipping. If you do not have tools to safely remove the springs yourself, ship them assembled. We will dismount and remount them for you. There is a \$15 per shock charge to remove and reinstall springs that require the use of a spring compressor.
